

# Little Giant Pumps Submersible

Homegrown has access to Little Giant's complete pump line. If you don't see it here, we'll be happy to get it for you.

## PE-SA

- ▶ 63 Gallon Per Hour @ 1" of Head
- ▶ 115 volts
- ▶ 2' Shut Off Height
- ▶ 6' Cord Length

Epoxy-encapsulated motor for compact size and economical price. Plastic housing is corrosion resistant. Energy efficient, 5 watts. Built-in valve regulates flow from 30 to 83 g.p.h. For commercial, industrial and home use where liquid must be transferred or re-circulated.

..... \$41.95

## PE-A

- ▶ 80 Gallon Per Hour
- ▶ 1/250 HP
- ▶ 50 GPH @ 3" of Head
- ▶ 115 volts
- ▶ 4.5' Off Height
- ▶ 6' Cord Length

Epoxy-encapsulated motor for compact size and economical price. Plastic housing is corrosion resistant. Energy efficient. For commercial, industrial and home use where liquid must be transferred or re-circulated.

..... \$69.95

## PE-1

- ▶ 170 Gallon Per Hour
- ▶ 1/125 HP
- ▶ 100 GPH @ 5' of Head
- ▶ 115 volts
- ▶ 7' Shut Off Height
- ▶ 6' Cord Length

Epoxy-encapsulated motor for compact size and economical price. Plastic housing is corrosion resistant. Energy efficient. For commercial, industrial and home use where liquid must be transferred or re-circulated.

..... \$104.95

## PE-2H

- ▶ 205 GPH @ 5' of Head
- ▶ 300 Gallon Per Hour
- ▶ 1/28 HP
- ▶ 115 volts
- ▶ 12" Shut Off Height
- ▶ 6" Cord Length

Epoxy-encapsulated motor for compact size and economical price. Plastic housing is corrosion resistant. Energy efficient. For commercial, industrial and home use where liquid must be transferred or re-circulated.

..... \$132.00

## PE-2.5F

- ▶ 395 GPH @ 5 Foot of Head
- ▶ 475 Gallon Per Hour
- ▶ 1/28 HP
- ▶ 115 volts
- ▶ 13 Foot Shut Off Height
- ▶ 6' Cord Length

Epoxy-encapsulated motor for compact size and economical price. Plastic housing is corrosion resistant. Includes and outlet adapter to fit 1/2" NPT fountain nozzle stems. Energy efficient. For commercial, industrial and home use where liquid must be transferred or re-circulated.

..... \$166.95

## Water and Stream Pump

- ▶ 300 GPH @ 16 Foot of Head
- ▶ 1450 Gallons Per Hour
- ▶ 1/8 HP
- ▶ 115 volts
- ▶ 18 Foot Shut Off Height
- ▶ 16' Cord Length

Environmentally safe, oil-less and energy efficient. Corrosion resistant body 1 1/4" FNPT discharge, includes 1 1/4" MNPT x 1" barbed adapter.

..... \$232.60

## Water Wizard

- ▶ 840 GPH @ 15 Foot of Head
- ▶ 1200 Gallon Per Hour
- ▶ 1/6 HP
- ▶ 115 volts
- ▶ 26.3 Foot Shut Off Height
- ▶ 10' Cord Length

Removes water to within 1/8". Completely submersible. Corrosion and rust resistant epoxy-coated cast aluminum pump housing. Includes garden hose adapter.

..... \$154.95

## Condensate Disposal Pump

- ▶ On in 1" of water; off in 1/2"
- ▶ 115 Volt
- ▶ 6" power cord with 3-prong module plug

Pump is controlled by a mercury float/switch mechanism which automatically switches the pump on and off. Aluminum pump housing with 1/4" MNPT discharge. Leakproof, rustproof, polystyrene tank and stainless steel shaft. Snap-action switch and thermal overload protection.

..... \$149.50

## Mag - Drive Utility Pumps

Energy efficient pump has adjustable flow control. Accepts 1/2" vinyl tubing. Completely submersible.

### Supreme Pondmaster 1

- ▶ 80 Gallons Per Hour @ 3 Foot of Head
- ▶ 115 volts
- ▶ 6' double insulated power cord

..... \$34.95

### Supreme Pondmaster 1.9

- ▶ 190 Gallons Per Hour @ 7 Foot of Head
- ▶ 115 volts
- ▶ 10' double insulated power cord

..... \$79.70

## Supreme-Mag Drive Model 2

- ▶ 350 Gallons Per Hour @ 7 Foot of Head
- ▶ 115 volts
- ▶ 6' double insulated power cord

Pump consists of a power unit encased in water-proof epoxy which creates a magnetic field. This drives a powerful ceramic magnetic impeller, the only moving part. Directional flow outlet.

..... \$99.95

## Supreme-Mag Drive Model 9.5

- ▶ 950 Gallons Per Hour @ 15 Foot of Head
- ▶ 115 volts
- ▶ 6' double insulated power cord

Pump consists of a power unit encased in water-proof epoxy which creates a magnetic field. This drives a powerful ceramic magnetic impeller, the only moving part. 3/4" NPT threaded inlet/outlet.

Model 9.5 (950 gph)..... \$169.95

Model 7(700 gph)..... \$123.95

Model 12(1200 gph)..... \$229.00
