

Air Purification

O₃zone Ozone safely alters the molecular structure of offensive micro-organisms, to eliminate smells. It also kills mould, mildew and bacteria. A 0.05 ppm level of ozone (O₃) in your grow room will effectively destroy odours and is 100% safe. Ozone generators can easily be fitted into existing ducting.

Air Tiger

- ▶ Ultra Violet compact odour control device
- ▶ Built in safety feature ensures eyes aren't exposed to ultra violet light
- ▶ Lamp is easily accessed and changed
- ▶ Variable output 8" - 10" sizes available (only 22" in length)
- ▶ Uses only .67 Amps
- ▶ Can be ducted or placed inside existing duct work

Air Tiger 2 8".....	\$625.00
Air Tiger 2 10".....	\$625.00
Air Tiger Vacuum Tube.....	\$89.00
Air Tiger Transformer.....	\$190.00

Carona Discharge in-duct ozone systems

- ▶ Available in 3 sizes and 4 different ozone outputs
- ▶ #CD800..... 8" duct, single cell for 20,000 cubic feet
- ▶ #CD1200... 12" duct, triple cell for 100,000 cubic feet
- ▶ These units are completely maintenance free with more ozone than any other comparable unit on the market

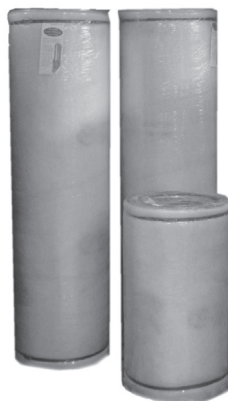

#CD800.....	\$547.00
#CD1200.....	\$879.00

Eco-Badge Ozone Test Kit.

Allows you to monitor ozone levels in your room to ensure safety. The litmus type paper will change colours when exposed to ozone. \$16.95

Can Filters

- ▶ Activated carbon filter
- ▶ Designed for the removal of VO compounds, malodorous particles, from the air
- ▶ Non-Refillable/Maintenance Free
- ▶ High quality pre-filter keeps carbon from clogging
- ▶ Works like a sponge, absorbing odour until saturated
- ▶ Last up to one year under typical conditions

Can Filter 33 275 CFM (2 lights).....	\$299.00
Can Filter 50 420 CFM (3 lights).....	\$399.00
Can Filter 75 600 CFM (4 lights).....	\$471.00
Can Filter 100 840 CFM (6 lights).....	\$499.00
Can Filter 125 1020 CFM (8 lights).....	\$599.00
Can Filter 150 1260 CFM (10 lights).....	\$699.00

Uvonair Odour Eliminator

- ▶ Ultra Violet Ozonator deodorizes and purifies air with ozone

Available in 4 sizes:

1000 cubic feet.....	\$229.00
3000 cubic feet.....	\$249.00
5000 cubic feet.....	\$299.00

Replacement bulbs available

UV-80H - 8" in duct unit for 5000 cubic feet..... \$425.00

Replacement bulbs available

Homegrown Carbon Filters

- ▶ Safely removes 90-95% of air borne particles, including dust, odour and bacteria
- ▶ Environmentally friendly - won't harm ozone layer
- ▶ Replaceable cartridge
- ▶ Works from 75 to 400 CMF
- ▶ Attaches to 6" duct hose

..... \$259.00

Optimum 4000

Electronically controlled odour neutralizer with a quiet fan that moves air through the Vaportek cartridge. Cartridge is non-toxic, lasts 3 months and is sealed for easy use. Control switch allows precise control with 10 setting. Can effectively treat open spaces up to 20,000 cubic feet, a room 45' x 45' x 10'

Optimum 4000.....	\$200.00
Air Duct Adaptor.....	\$160.16
Scent Cartridge.....	\$94.00
Industrial Scent Cartridge.....	\$100.45

Ozium Air Sanitizer

Effectively reduces bacteria that cause odours. May be sprayed directly in air or used with the automatic timed dispenser that releases a spray every 15 minutes. Also available in convenient 20grm size

Ozium Air Sanitizer 22.5GR.....	\$7.99
225GR.....	\$19.50
Timed Dispenser.....	\$68.00

See pesticides for more information on sprayer
